Forwards Resolution dated 21-7-53 of the Corporation to waive an expenditure of Rs 500/ for the Mayor and Sri K Narayana to go to Bombay to attend the Executive meeting on 27-7-53 of which they are members

—.

The Recommendation of the Corpn to elect itself as a member of this Federation is still under Correspondence and the proposal has not yet been approved by the Government

2) It is not understandable how the Mayor and the Corporation Sri K Narayana could have been appointed as members of the Executive when our Corporation has not yet become a member of the Federation

3) The proposal now is to sanction an expenditure of Rs 500/- out of the Corporation funds for these two to go to Bombay for attending the Executive meeting to come off

4) The acceptance of the present proposal and sanctioning the incurrence of expenditure for the visit of the Mayor and Sri K Narayana to Bombay as members of the Committee may lead to Civil Corresponding indirectly to the Corporation recognising a member of the Federation even before they have been able to take a decision on the matter On this account it was perhaps improper for the Corporation to have sanctioned Sanction and Sent them to Bombay. when the question of the Corporation recognising a member of the Federation was pending with Govt.

The Secretary has the pleasure to present the following Report on the wroking of the Federation of All India Local Authorities for the period from 1—3—1951 to 31—3—1953 since it was re organised after the last Conference held at Delhi in December 1950

The Executive Committee has so far held its meetings as under —

under this Constitution for about two years the Committ felt the need of further amending it and has therefo approved certain amendments thereto in its meeti dated 24 2 1953 These amendments together with t full draft of the proposed revised Constitution will placed before the General Body at the time of the ensui Madras Conference for its consideration and adoptic

Recognition of the federation & sanction for T A & D A etc to members for attending meetings

All the State Governments have been moved in this respect It is noteworthy that several States have responded favourably and only a few have declined while the matter is yet under consideration of the rest Efforts are persistently being made to expedite their decision The present position is as follows —

(1) The following States have granted the recognition and also sanctioned the T A & D A etc —

Ajmer, Assam Bhopal Bihar Madras, Orissa Pepsu and Rajasthan

(2) The following States have sanctioned the T A & D A etc and the matter of recognition is yet under their consideration - Delhi Hyderabad Madhya Bharat and Mysore

(3) The following States have declined to grant both the recognition and the T A & D A etc
Bengal (West) Bombay Himachal pradesh and Punjab (East)

The Bengal Goverment was unable, under their present Act to sanction expenditure for purposes outside the State However on a personal visit and discussion by the President with the Ministers the Bengal Govern mert has agreed to amend the Act suitably The Government of Himachal Pradesh and Punjab have declined due to the unsatisfactory financial condition of the local bodies in their States

(4) The entire matter is yet under consideration the following States -

Madhya Pradesh Saurashtra Travancore Cochi Uttar Pradesh and Vindhya Pradesh

Still local bodies from some of these States hav become our members, and their members on the Executiv committee also attend our meetings

Member ship of the Federation

The present membership of the Federation is as follow:

(1) 66 Local Bodies (under Article 4 a) as under

3	Municipal Corporations
36	Municipal Committees and Boards
21	District and Local Boards
6	Small Town and Notified Area Committees
66	

(2) 3 Institutions (under Article 4 b)

(3) 1 Individual (under Article 4 c)

70 Total Members

Efforts are persistently being made to get the various local bodies in the Country affiliated to the Federation and enlistsd as its members But it appears that the lethargic attitude of some state Governments in not yet granting recognition to the Federation is hampering our efforts and is responsible for the lack of adequate response In such a vast Country like ours where local bodies exist in thousands it should not be difficult for a substantial number of them to unite together for a common cause and give their strength & support to their parent Organisation which serves them as a Common United Front catering for their needs and problems especially and for the growth and development of Local Self Govern ment generally

Financial Position

The following figures will give an idea of the financial position of the Federation —

Rs	3 130/	Total Receipts by membership subscriptions during the first year ending 31-3 1952
Rs	2 895/–	Total Receipts by membership subscriptions during the second year ending 31-3-1953
Rs	720/	Receipts A/C Delegation Fees for the Madras Conference up to 31-3 1953
Rs	6 745/ -	Total Receipts
Rs	268/9/	Total net Expenditure during the first year
Rs	937/1/	Total net Expenditure during the second year
Rs	1 205/10/	Total Expenditure
Rs	5 539/6/	Balance on 1-4 1953

A duly audited Statement of Accounts showing the details and the Auditor s Report are annexed

This position is not very encouraging The growth and utility of every institution depends upon the soundness of its finances Unless and until the finances of our Federation are placed on a sound footing it will be unable to formulate and effectively carry out any schemes or deal with vital matters with any tangible results It is therefore up to the local bodies in the Country for whom this Federation exists and caters to make it strong sound and effective

Important Matters

The following important matters were dealt with by the Executive Committee during the period under report

(1) The old Constitution of the Federation which needed a revision was thoroughly discussed and revised A further revised Draft is prepared and submitted herewith for adoption

(2) Copies of the various resolutions passed in the Delhi conference were sent to all the State Governments, but we have not received any reply from them

(3) For administrative convenience the Office of the Federation has been shifted to Indore and is managed by the General Secretary Shri V V Sarwate The President also has his Office at Bombay Most of the office work is being done honorary There is an immediate necessity of engaging a whole-time clerk & a steno typist without which the Office cannot function efficiently This is all due to paucity of our funds

It may also be gratefully mentioned here that the Indore City Municipality has since been supplying free stationery for the work of the Federation and is also rendering free help in typing & cyclostyling work etc We express our sincere thanks to the Indore City Municipality for this substantial help and co-operation

(4) The Committee considered the Report of the Local Finance Enquiry Committee appointed by the Government of India and passed a resolution strongly supporting the recommendations made therein The Committee further intended to wait in Deputation upon the Hon ble the Prime Minister & other Ministers of the Government of India to stress upon them the urgency of implementing those recommendations But our attempts were not successful as we were replied to the effect that since the Local Self Government was a State subject the Report had been sent to all the State Governments for the Implementation of such of the various recommendations as they may consider feasible The Committee thereupon passed other resolutions in this important matter and forwarded them to the Government of India Copies of all the aforesaid resolutions are attached as annexures to this Report and speak for themselves All the State Governments have also been requested to expedite their decision in this important matter

(5) The importance and necessity of establishing Provincial Union of local bodies in each State has persistently been stressed by the Committee But it has met with very little response Only a very few States have their Provincial Unions among which special mention may be made of the All Assam Federation of Local Bodies which is doing very useful work and has requested all local bodies in the State to become members of our Federation

Unless and until such Unions are established through local efforts and affiliated to the Federation the working of the Federation and its member bodies cannot be efficiently co-ordinated nor their problems be properly dealt with The local bodies in the Country in general and the members of the Federation in particular are therefore urged to achieve this object

(6) The amount of the Delegation Fees of the last Delhi Conference which legitimately belongs to the Federation has not yet been paid to the Federation by the Reception Committee of that Conference Persistent efforts were made to settle this matter involving considerable amount amicably but have not met with any success so far The Committee felt it desirable to place the whole matter before the next Conference for its consideration and directions as to further steps if any to be taken for the realisation of this amount

(7) The President Shri R K Sidhwa was invited to preside over the All Assam Local Bodies Conference and while there took the opportunity to meet and have important talks & discussions with the Ministers and other prominent persons in Assam and Bengal with a view to gain recognition to the Federation and establishment of Provincial Unions and affiliations of local bodies to the Federation

(8) It may not be out of place to mention here that the Municipal Corporation Bombay and the District Board Bareilly had kindly made very nice arrangements for taking over the members of the Executive Committee when it met there on a round of visits to important places of works carried on there The visits were quite interesting and instructive We express our sincere thanks to them both.

(9) The Executive Committee Places on record deep and sincere appreciation of the keen interest taken by Shri R K Sidhwa President Shri V V Sarwate General Secretary and their untiring efforts in carrying on the work of the Federation very creditably The Committee feels confident that the Federation has a bright future under the able leadership and guidance of Shri R K Sidhwa

This in short is what we have been able to achieve within our limited resources It is not very gratifying. But it is up to all the local bodies in our Country to unite together under the banner of our Federation and pool our efforts in the common cause of the growth and development of Local Self Government and to augment and build up our Federation on a sound permanent foundation by affiliating to it as its members and rapidly develop it into an ideal Centre in the Country for all matters pertaining to Local Self Government
